#### **Nomination of jockeys to the Listed-category races (No. 011501 – No. 011504):**

A preliminary list of invited jockeys will be available in advance (no later than until 1st August 2016). The list will be finalized after the application deadline (15th September 2016). Owners / trainers will then select jockeys for their horses until the OSK deadline (20th September 2015).

**The selection of Jockey is free as well as accommodation for the owner and trainer.**

All the registered horses will be ranked according to their handicaps. The owner / trainer of the highest ranked horse will have the right of the first choice, followed by the owner / trainer of the second highest ranked horse, the owner / trainer of the third highest ranked horse etc. In case of an equal handicap ranking, the horse that has been more profitable in 2016, or in the course of its career, will be given preference to the other(s). If there are more horses than jockeys after the selection of all the nominated jockeys, owners / trainers of the remaining horses will engage jockeys of their own choice.

Horses registered additionally within the OSK deadline (including when the race remains open!) will be available for jockeys to select after the horses registered within the application deadline. If more horses are registered additionally, they will also be ranked according to their handicaps.

*OSK ... Announcement of starting horses*
